AN OLD PAPER. We have been shown a copy of the Eastern Republican, published in this city Nov. 25th, 1823. It is a curious old sheet compared with the newspaper of the present day, being devoted costly to advertisements while the news that was contained in its columns had a delightful smack of the ancient. The latest news from Boston was dated the 19th of November, while that from England was satisfactory at October 11th. It is an interesting paper to look over as the advertisements of many of our oldest citizens appeared and are mentioned in the BASE BALL.
